

**Out of total 32 units, 1 unit has achieved PLF above 100%, 13 units have achieved PLF between 90% to 100%, 5 units achieved PLF between 85 % to 90% & 3 units achieved PLF between 80% to 85% during March 2007.**

**Performance of Mahagenco Thermal units  
(PLF above 100%) for March 2007**

1	Nasik	3	210	159.532	102.11	100.00	102.11	214
---	-------	---	-----	---------	--------	--------	--------	-----

**Performance of Mahagenco Thermal units  
(PLF between 90% to 100%) for March 2007**

Sr. No.	Power Station	Unit No.	Gen. Cap. (MW)	Gen. (MU)	PLF (%)	AVF (%)	Loadability (%)	Avg Load Shared (MW)
1	Koradi	6	210	145.196	92.93	100.00	92.93	195
2	Nasik	5	210	152.400	97.54	97.63	99.91	210
3	Bhusawal	1	58	39.128	90.67	94.75	95.70	56
4		2	210	145.190	92.93	93.64	99.24	208
