Any false, forged, altered or materially misleading submission shall attract rejection / cancellation and other action under the bid conditions.	Undertaking on Rs. 500/- non-judicial stamp paper / e-stamp, duly notarised.

3.0 Scope of Work

1. Deployment of one JCB/Pock lain machine (owned/hired), machine/vehicles shall have valid RTO registration.

2. Scientific excavation of pond ash from ash so as to avoid formation of water bodies in bund.

3. Leading of trucks/bulkers/vehicles with pond ash along with proper tarpaulin so as to avoid spillage of pond ash on road.

4. Assistance in Proper movement of vehicles (Bulkers, trucks, tractors etc) in and out of the ash bund of TPS. Agency is solely responsible for proper traffic control to avoid inconvenience to other public on road at entry & exit points of Ash bund at Nashik TPS. Local grievances if any will be solved by agency.

5. Compliance of all pollution norms as prescribed by MPCB/CPCB/RTO/MoEF etc. as far as loading and transportation of pond ash is concerned in the scope of agency. If any damages happen to MAHAGENCO properties, agency shall be held wholly responsible for the same and damages will be recovered from the agency from any dues i.e. Advance payment and Security Deposit. If the loss/damage caused to MAHAGENCO is more than the available amount with NTPS, the same should be paid by agency.

6. Daily cleaning of spilled ash & spraying water on ash bund approach roads. The agency must make its own arrangements for spraying water.

7. If any type of malpractices observed / found during execution of contract, then appropriate action will be taken as per MSPGCL rules.

8. Maintaining record of the pond ash lifting vehicles on daily basis & the same should be provide to this office with details such as:

i. Name of agency
ii. Vehicle/truck No
iii. Capacity of vehicle/truck/bulker (MT)
iv. Pond ash lifted quantity (MT)
v. Payment mode: cash/online etc.

The same records above will be reconciled daily by Ash Cell of this office.

9. Submission of pond ash lifting record containing all details mentioned at Sr.No.8 to TPS on daily basis.

10. Weighment of vehicles shall be done by weighing machine at specified place as per rule & as per intimation given by Section head.

11. To sprinkle water on approach roads and in ash bund as per the instructions received from TPS officials.

12. Patrolling of ash bund to prevent theft of material and inform the same to security of TPS immediately if any such incidence happens.

13. It is compulsory to collect, carry & submission of all authentic documents with vehicle like Gate pass, Receipt of weighment etc.

14. Prevention of excavation of pond ash by unauthorized agencies/persons. If any unauthorized agency/person found doing the unauthorized work & if any unauthorized vehicle is found without gate pass or permit to lift the pond ash (i.e. theft of pond ash) at that time the same sale order will be terminated.

15. Developing Ash bund surrounding area by means of Tree plantation, gardening etc.

16. Maintenance and repair of roads shall be in the scope of agency.

17. Agency shall be solely responsible for any accident loss/damage caused to any person.

18. Nashik TPS MSPGCL has all the rights to close or open the ash bund. If such situations arise due to unavoidable incidents, no claims for that shall be entertained by MSPGCL at any stage and no correspondence will be made in this regard.

19. The location in the pond area for loading/ digging pond ash will be 50.00 mtrs. away from the Bank of the Bund inside the bund area and wells. Agency should excavate the ash in the pond area without disturbing the existing ash slurry disposal pipelines, agency must leave 50.00 mtrs. distance on either side of the ash slurry disposal pipeline for the day-to-day maintenance work of pipelines. Agency shall lift the pond ash from the designated area only as above in daytime i.e. 6:00 AM to 6:00 PM only. No vehicles shall be allowed in/out after above mentioned timings.

20. If agency has not followed any above conditions. It may lead to cancellation of permission for work of lifting of ash to agency. In such case, the defaulter's Bank Guarantee/ Security deposit shall also be forfeited, and no argument shall be entertained in this regard. Any change in MoEF&CC notification / Hon. Court order will be binding on agency.

4.0 Terms and Conditions

1) Contract period: One year from the date of issue of order.

2) Security Deposit: Rs. 10 Lakh to H1 bidder & proportional to other successful bidders who matches with H1 as per their quantity allotment

3) EMD: Agency shall pay EMD of Rs. 50,000/- to be paid along with document submission in account of Chief Engineer, Nashik TPS

4) Lifting will be permitted only against advance payment equal to **the value of 15 days'** scheduled lifting as per the approved monthly schedule, to be replenished to maintain the same cover.

5) Penalty: If any agency fails to lift 80% of allotted quantity of pond ash, Penalty for Short Lifting at rate of Rs. 10/MT for non-lifted quantity to be calculated quarterly.

6) Agency shall have to dispose of 50% of monthly allotted quantity given by TPS for the period of one month, failing which his order will be terminated, and the same quantity shall be offered to other successful bidders as per ranking.

7) Sale Agreement: The Sale Agreement shall be executed on Rs. 500/- non-judicial stamp paper / e-stamp, duly notarized prior to the issuance of the Sale Order.

8) General & Governing Conditions: This sale is of the 60% (Group-I) quota of pond ash, conducted through MSTC e-auction in accordance with the Maharashtra State Ash Utilization Policy-2025 (G.R. dated 19.09.2025) and the approved pond-ash sale modalities of MSPGCL.

5.0 E-Auction Allocation Mechanism and Safeguard Conditions (to prevent speculative / manipulative bidding)

A. General Principle:

- Allocation shall be done round-wise based on bidder ranking.
- In each round, the rate of that round shall be tested with mandatory allocation of 25% of the auctioned quantity.
- A round is treated as successful only if at least one bidder accepts 25% quantity at the round rate; the balance 75% is then allotted proportionately to the bid quantity of the bidders who match that round's rate.
- If a round fails, the rate of that round is scrapped and only the bidder who quoted that rate is penalised.

B. e-Auction Allocation Mechanism (Determination of H1 and Modalities)

Determination of H1 (ranking)

On closure of the e-auction, the bids shall be ranked in descending order of the quoted rate (H1, H2, H3 …). The bidder with the highest quoted rate shall be H1. Where two or more bidders quote the same highest rate, precedence shall be decided as under:

(a) first, by rate — the highest quoted rate;

(b) if the rate is the same — the bidder who has bid for the higher quantity; and

(c) if the quantity is also the same — the bidder whose bid bears the earlier timestamp; the earlier bid shall be ranked H1.

B. Round-I (H1 Rate Round):

- After auction closure, bidders are ranked and the highest quoted rate bidder is identified as H1. The Round-I rate is the H1 rate; all bidders are invited to match it and lift quantity as per the allocation rules. H1 is mandatorily offered 25% of the total auctioned quantity at the H1 rate.
- Case 1 — H1 accepts 25%: the H1 rate is declared the final arrived rate; 25% is allotted to H1; the balance 75% is allotted to other bidders matching the H1 rate, proportionate to their bid quantity; Round-I is closed successfully.
- Case 2 — H1 does not accept but another bidder (H2/H3/…) accepts 25% at the H1 rate: that bidder becomes the effective H1; the H1 rate is the arrived rate; 25% is allotted to that bidder and 75% proportionately to others matching the rate; Round-I is closed successfully.
- Case 3 — H1 does not accept 25% and no bidder matches the round rate: the H1 rate is scrapped, the H1 bidder is penalised, other bidders are not penalised, and the auction proceeds to Round-II.

C. Round-II (H2 Rate Round) — applicable only if Round-I fails completely:

- The H2 quoted rate becomes the Round-II rate and the same sequence as Round-I is followed (H2 mandatorily offered 25%; on acceptance the rate arrives and 25% + 75% are allotted; on failure the H2 rate is scrapped, only the H2 bidder is penalised, and the auction proceeds to the next round).

D. Subsequent Rounds (Round-III, IV, …):

- Each subsequent round follows the same sequence — the next highest quoted rate becomes the round rate and that bidder must accept the mandatory 25%. The process continues round-over-round until a bidder accepts 25% quantity at the applicable round rate, or the auction reaches logical closure.

E. Matching option for higher bidders:

- Higher-level bidders (H1, H2, H3, …) who did not accept 25% at their own quoted rate are allowed to match the rate of the successful lower bidder who accepted 25% quantity.
- On matching, they are allotted a proportionate share of the balance 75% quantity along with the other matching bidders ranked below the successful bidder.

F. Safeguard / Penal Action:

- Where a bidder's round rate is scrapped or a higher bidder fails to match the successful lower bidder's rate, the following penal action shall be initiated against that bidder alone:
- Immediate disqualification from the ongoing auction;
- Forfeiture of EMD;
- Cancellation of any existing ash sale orders with MAHAGENCO (if applicable);
- Blacklisting and debarment from participation in MAHAGENCO ash auctions for a period of 03 years;
- Any ongoing MAHAGENCO ash contract, if existing, stands cancelled.

Note:

1. Mahagenco reserves the right to make amendment/corrigendum or postpone e-auction wholly or partially without assigning reasons thereof.
2. It is the sole responsibility of bidders to keep watch on the websites of MSTC and Mahagenco & emails provided by agency and stay updated with the latest developments in consultation with contact person mentioned in newspaper.
